Extracts from the General Tax Law relating to the Duties of Assessors in the Assessment of Real Property.

SECTION 2. Real property, for the purposes of taxation, shall be construed to include the land itself, whether laid out in town lots or otherwise, and all buildings, structures and improvements, erected or other fixtures, of whatever kind thereon, and all rights and privileges belonging or appertaining thereto, and all mines, quarries, minerals, mineral rights and wells in and under the same.

SEC. 3. All property described in this section, to the extent herein limited, shall be exempt from taxation, that is to say:

First.—Public school houses, and houses used exclusively for public worship, the lots and furniture therein, and the grounds attached to such buildings, necessary for the proper occupancy, use, and enjoyment of the same, and not leased or otherwise used with a view to profit; all public colleges, public seminaries, all buildings connected with the same and all lands connected with public institutions of learning, not used, with a view to profit.

This provision shall not extend to household furniture of real property held under the authority of any college or university, of learning in this state.

Second.—All lands used exclusively for cemeteries, or grounds for burying the dead (except such as are held by any person, company, or corporation, with a view to profit, or for the purpose of speculation in the sale thereof.

Third.—All property, whether real or personal, belonging exclusively to this State, or to the United States.

Fourth.—All buildings belonging to counties used for holding courts, for jails, or county offices, with the ground, not exceeding in any county ten acres, on which such buildings are erected.

Fifth.—All lands, houses, and other buildings belonging to any county, township, or town, used exclusively for the accommodation or support of the poor.

Sixth.—All buildings belonging to institutions of purely public charity, together with the land actually occupied by such institutions not leased or otherwise used with a view to profit, and all moneys and credits appropriated solely to sustaining and belonging exclusively to such institutions; and all lands owned and occupied by agricultural societies, not leased or used with a view to profit, not exceeding eighty acres.

Seventh.—All fire engines and other implements used for the ex-

[illegible] with the buildings used exclusively for the safe keeping thereof, and for the meeting of fire companies, whether belonging to any town, or to any fire company organized therein.

Eighth.—All market houses, public squares, or other public grounds, town or township commons or halls, used exclusively for public purposes, and all works, subsidiary, or fixtures belonging to any town and used exclusively for conveying water to such town.

Ninth.—All public libraries, and real and personal property belonging to or connected with the same.

SEC. 38. *First.*—Each separate parcel of real property shall be valued at its true and full value in money, excluding the value of crops growing thereon.

Second.—In determining the true and full value of real or personal property, the assessor shall not adopt a lower or different standard of value because the value is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price for which such property would sell at auction, or at a forced sale, or in the aggregate with all the property in his district, but he shall value each tract or lot by itself, and at such sum or price as he believes the same to be fairly worth in money at the time such assessment is made.

Third.—In valuing any real property upon which there is a mineral or other mine, or stone or other quarry, the same shall be valued at such a price as such property, including the mine or quarry, would sell at a fair voluntary sale for cash.

Fourth.—Taxable household estates shall be valued at such a price as they would bring at a fair voluntary sale for cash.

SEC. 39. The assessor shall, in all cases from the best source of information within his reach, and according to the rules prescribed in this act for valuing real property, ascertain and determine, as near as practicable, the true value of each separate tract of land appearing in the assessment book furnished him by the county auditor, and he shall get down opposite each tract of land in such assessment book, the true value thereof so ascertained and determined, and he shall note separately the value of all houses, mills and other buildings which exceed one hundred dollars in value on any such tract of land other than town lots, which shall be carried out as a part of the value of such land, and he shall also enter in his assessment book the number of acres of arable or plowed land, as near as may be.

SEC. 40. If the assessor discovers any real property subject to taxation, which has not been listed to him by the township auditor, he shall list and assess such property, and if any real or personal property shall be omitted in the assessment of any year or number of years, of the tax thereon for which such property was liable from any cause has not been paid, if any such property by reason of defective description or assessment thereof, shall fail to pay taxes for any year or years, in either case the same, when discovered, shall be assessed in the manner and placed on the assessment and tax books. The arrearage of tax which might have been assessed shall be charged against such property by the county auditor.

SEC. 41. The assessor shall annually, at the time of taking a list of personal property, also take a list of all real property situated in his township that has become subject to taxation since the last previous listing of property therein, with the value thereof estimated agreeably to the rules prescribed therein by this act, and of all new buildings or other structures of any kind of over one hundred dollars in value, the value of which has not been previously added to or included in the valuation of the tract on which such structures have been erected and shall enter return to the county auditor thereof, in the same time he is required by this act to make his return of personal property, in which return he shall set forth the tract or lot of real property on which each of said structures has been erected, the kind of structure so erected, and the true value added to such parcel of real property by the erection thereof, and the additional sum which it is believed the land on which the structure is erected would sell for at private sale in consequence thereof, shall be considered the value of such new structure, and in case of the destruction by fire, flood, or otherwise of any building or structure of any kind, over one hundred dollars in value, which has been erected previous to the last valuation of the land on which the same stood, or the value of which has been added to any former valuation of such land, the assessor shall determine as near as practicable, how much less such land would sell for at private sale in consequence of such destruction, and shall return thereof to the county auditor as in this act provided.

SEC. 42. For the purpose of enabling his assessor to determine the value of buildings and other improvements, he is required to enter, with the consent of the owner or occupant thereof, and fully examine all buildings or structures of whatever kind which are not by this act expressly excepted from taxation.

SEC. 43. Assessors in the execution of their duties, shall use the forms and follow the instructions which shall from time to time be prescribed by the auditor of state, and furnished to them by the county auditor, in pursuance of law.

SEC. 44. The assessor, clerk, and chairman of the board of supervisors of each town, and the assessor, treasurer, and mayor of each city (except cities whose charters provide for a board of equalization,) shall meet on the fourth Monday of June, at the office of such clerk or recorder, for the purpose of reviewing the assessment of property in such town or district. And on the application of any person considering himself aggrieved, or who shall complain that the property of another is assessed too low, they shall review the assessment, and correct the same, as shall appear to them just. SEC. 45. The assessor shall cause at least ten days previous notice of the time and place of such meeting, to be given, by posting notices in at least three public places in such town.

SEC. 46. The failure to give such notice or hold said meeting, shall not vitiate such assessment, except as to the excess of valuation or taxes thereon shown to be unjustly made or levied.

SEC. 47. All complaints and grievances of individuals residents of the town or district, in reference to the assessment of personal property, shall be considered and decided by the town board of review, *Provided*, that the complaints of non-residents of any town or district may be heard and determined by the county board.

SEC. 48. The assessor shall add up and note the aggregate of each column in his assessment books of real and personal property. And shall also enter in each book under proper headings, a tabular statement, showing the footings of the several columns upon each page, and shall sum up and set down under the respective headings the totals of the several columns.

PENALTY FOR NEGLECT OF DUTY.

SEC. 49. Every township auditor, and every district and township assessor, who in any case refuses, or knowingly neglects to perform any duty enjoined on him by this act, or who corrects or receives at any session of its prevailing, whereby any proceeding required by this act to be performed or hindered, or whereby any property required to be listed for taxation is wrongfully exempted, or the valuation thereof is entered on the tax list at less than its true value, shall, for every such neglect, refusal, omission or connivance, forfeit and pay to the State not less than two hundred nor more than one thousand dollars at the discretion of the court, to be recovered before any court of competent jurisdiction.
