[PREFIX TO FORM NO. 7.]

DIRECTIONS TO ASSESSORS.

REAL PROPERTY.

Office of County Auditor,

Cass County, Minn., *May 4th* 1876

To Thomas C. Fernald Assessor of the County of Cass in the County aforesaid:

According to the requirements of law, I herewith deliver to you the Assessment Roll for the year 1876, of all lands and town lots within the said 2nd Assessment District of the County of Cass which are subject to taxation, so far as the same have come to my knowledge from any source, and I hereby direct you to assess the same and make return thereof to me as required by the law prescribing your duties hereto annexed.

A form of return to be signed by you may be found at the end of this book.

F. X. Goulet
County Auditor.

Extracts from the General Tax Law relating to the Duties of Assessors in the Assessment of Real Property.

SECTION 2. Real property, for the purpose of taxation, shall be construed to include the land itself, whether laid out in town lots or otherwise, and all buildings, structures and improvements, trees or other fixtures of whatsoever kind thereon, and all rights and privileges belonging or anywise appertaining thereto, and all mines, minerals, quarries and fossils in and under the same.

SEC. 5. All property described in this section, to the extent herein limited, shall be exempt from taxation, that is to say:

First.—Public school houses, and houses used exclusively for public worship, the books and furniture therein, and the grounds attached to such buildings, necessary for the proper occupancy, use, and enjoyment of the same, and not leased or otherwise used with a profit; all public colleges, public academies, all buildings connected with the same, and all lands connected with public institutions of learning, not used with a view to profit.

This provision shall not extend to leasehold estates of real property held under the authority of any college or university of learning in this State.

Second.—All lands used exclusively for graveyards, or grounds for burying the dead, except such as are held by any person, company, or corporation, with a view to profit, or for the purpose of speculation in the sale thereof.

Third.—All property, whether real or personal, belonging exclusively to the State, or to the United States.

Fourth.—All buildings belonging to counties used for holding courts, for jails, or county offices, with the ground, not exceeding in any county ten acres, on which such buildings are erected.

Fifth.—All lands, houses, and other buildings belonging to any county, township, or town, used exclusively for the accommodation or support of the poor.

Sixth.—All buildings belonging to institutions of purely public charity, together with the land actually occupied by such institutions not leased or otherwise used with a view to profit, and all moneys and credits appropriated solely to sustaining and belonging exclusively to such institutions; and all lands owned and occupied by agricultural societies, not leased or used with a view to profit, not exceeding eighty acres.

Seventh.—All fire engines and other implements used for the extinguishment of fires, with the buildings used exclusively for the safe keeping thereof, and for the meeting of fire companies, while belonging to any town, or to any fire company organized therein.

Eighth.—All market houses, public squares, or other public grounds, town or township houses or halls, used exclusively for public purposes; and all works, machinery, or fixtures belonging to any town and used exclusively for conveying water to such town.

Ninth.—All public libraries, and real and personal property belonging to or connected with the same. * * * * * * *

SEC. 39. *First.*—Each separate parcel of real property shall be valued at its true and full value in money, excluding the value of crops growing thereon.

Second.—In determining the true and full value of real or personal property, the assessor shall not adopt a lower or different standard of value because the same is to serve as a basis of taxation, nor shall he adopt as a criterion of value the price for which such property would sell at auction, or at a forced sale, or in the aggregate with all the property in his district; but he shall value each tract or lot by itself, and at such sum or price as he believes the same to be fairly worth in money at the time such assessment is made.

Third.—In valuing any real property upon which there is a coal or other mine, or stone or other quarry, the same shall be valued at such a price as such property, including the mine or quarry, would sell at a fair voluntary sale for cash.

Fourth.—Taxable leasehold estates shall be valued at such a price as they would bring at a fair voluntary sale for cash. * * * * * * *

SEC. 46. The assessor shall in all cases, from the best sources of information in his reach, and according to the rules for valuing property prescribed by section thirty-nine of this act, ascertain and determine as near as practicable the true and full value of each separate tract of land appearing in the assessment book furnished him by the county auditor, and he shall set down opposite each tract of land in such assessment book the true and full value thereof so ascertained and determined, and he shall note separately the value of all houses, mills and other buildings which exceed one hundred dollars in value, or any such tract of land other than town lots, which shall be carried out as a part of the value of such tract, and he shall also enter in his assessment book the number of acres of cultivated land and the number of acres of wood land or other uncultivated land as near as may be.
