Calculated by Julien A. Hall, M. Am. Soc. C. E.

For Keith's Railroad Curve Tables see end of book.

Handwritten calculations and notes on the right page of the notebook. The page contains several columns of numbers and mathematical operations, including additions and subtractions. Some numbers are underlined, and there are small annotations and corrections throughout. The calculations appear to be related to the surveying tables on the left page, possibly showing how specific values were derived or used in a field application. The handwriting is in dark ink on aged, yellowed paper.

Lloyd Riley,

1 day Pine River

Birney Bird

Ball Club.
