McClelland & Oliver working
in office on Jobs:

1241 - Backus cut-off

1432 - SR 2 Pine R. West

1240 - SR 8 Fed Dam to Bena.

Above are jobs endeavoring
to get out for Summer 1941
construction season. Later
may work on 1239 - Bena
- Winnie Dam if time
permits.

Oliver has learned principles
of planimetry, platting
sections & earth computation
and does these phases with
assistance from McClelland.

McClelland does drafting,
grade laying & design work.
also supervision of other
work.
