County Recorder Bonnie Anderson

By MS, Deputy

DOCUMENT NO. 260593

MICROFILMED

Statement of Evidence:

- 1873 U.S. General Land Office survey set wood post for this corner and marked the following bearing trees: 6" Fir N 70° E 6 links, 7" Fir S 58° W 18 links, 8" Poplar N 25 W 8 links, and 5" Poplar S 10° E 21 links.
- 1980 U.S. Forest Service office in Cass Lake was contacted for information and no resurvey information was found on this corner.
- 1980 County Surveyor's Records in the Recorder's Office were checked and no resurvey information was found on this corner.
- 1971 R.F. Schneider, RLS, found a rotted wood post at the approximate corner. An 8" Balsam with a USFS yellow tag was found 10' to the west. After traversing the north line of Section 27, the wood post was accepted as the corner. A 2" iron pipe was set in the remains of the post and ties taken: 8" Balsam North 7.62', 8" Balsam West 9.40', and 8" Balsam South 9.60'. Evidence of an old blaze-line was found running west to the lake and evidence of previous surveys was found to the north along Swift Lake. However, no record or information as to who did it was found.
- 1981 I searched the corner area and found no other evidence of the corner. Traverses were run to known corners north, south, east, and west. Analysis of this information gave no further information. The approximate double proportion position falls 23 feet east and 28 feet south of the pipe. I accepted the pipe set by R.F. Schneider at the location of the found wood post as the perpetuated position of this corner. I replaced the pipe with a USFS monument.
