## Statement of Evidence:

- 1873 U.S. General Land Office survey set wood post for this corner and marked the following bearing trees: 6" Poplar N 19 E 32 links and 4" Poplar S 40 W 19 links.
- U.S. General Land Office dependent resurvey found the corner marked by an oak stake 3" x 3" x 24" marked "1 S" on the north face: No evidence was found of the original bearing trees: An iron pipe with a marked brass cap was set to mark the corner. The following bearing trees were marked: 18" Pine N 10-45 E 259 links and 5" Poplar S 28 W 44 links. Corner is at the corner of old fences running north-south and east-west:
- USFS technician Jim Schoonover found the GLO grass cap monument in good condition. A 22" N. Pine was found as listed in the 1918 resurvey. No evidence of the Poplar was found. Two new bearing trees were marked and are shown on this certificate.
- 1981. On Dec. 8, I visited the corner and found items as per 1980 USFS report. the 22" N. Pine had visible scribing in old scar.
- 1981 County Surveyor's Records in the Recorder's Office were checked and no resurvey information was found on this corner.
