County Recorder Claudine Kayser
By MS, Deputy

DOCUMENT NO. 267943

Statement of Evidence: Northeast Corner of Section 7, Township 139 North,
Range 30 West, 5th Principal Meridian.

The Original Public Land Survey was run in 1865 and a wood post was set to mark the corner.

In 1922 Mr. J. Flynn, County Surveyor, used the corner in a survey of Section 6.

In about 1923 Mr. J. Greene, County Surveyor, in a survey for the railroad calls for the corner 5333.61 feet north of the Southwest Corner of Section 8.

In 1979 Mr. Walt Curo reset the corner from Mr. Greene's survey using original bearing tree stump holes and Mr. Greene's distance to the railroad tracks.

In 1982 the Minnesota Department of Transportation searched the corner location for Mr. Curo's pipe. We found the area recently bulldozed over and the pipe pushed out along with all of Mr. Curo's bearing trees.

We accept Mr. Curo's location for the corner and reset a Cast Iron Monument at that location to mark the corner.

For details and survey analysis contact the Minnesota Department of Transportation District Surveys Office in Brainerd, Minnesota.
