1984 - Kerick Surveying, Inc. Bemidji, MN, found 1½ inch iron pipe up 8 inches, no trace of 2½ in. capped monument as referred to in 1921 survey. Found the two remaining corner accessories from 1967 search, ties check but are in poor condition. Replaced 1½ in. iron pipe with U.S.F.S. monument and recorded three new accessories that appear on this certificate.
