## Statement of Evidence:

SOUTHEAST CORNER OF SECTION 31, TOWNSHIP 141 NORTH, RANGE 31 WEST OF THE 5th PRINCIPAL MERIDIAN.

1864 - The original Public Land Survey was run by Johnson and Thornton. Set a wood post to mark the corner and recorded two bearing trees as accessories:

7" Y. Pine N 63°W 35 links (23.1') 10" Aspen N 35°E 113 links (74.58')

1921 - Elmer B. Horst Deputy Cass County Surveyor subdivided Section 31, found the remains of both Government bearing trees set a 2" x 48" iron from these trees. Record Book C, page 452.

1963 - Peter J. Meyer R.L.S. found a 1-3/4" iron marking the corner no accessories were recovered. Set a 5' long galvanized iron with a 3 inch brass capped monument stamped with appropriate designations and set new corner accessories:

Certificate filed 7/3/63

Document # 159, in book of Corner Certificates in Cass County Recorder's office.

10" J. Pine N 04°W 113.5 ft.

14" J. Pine N 59°E 85.1 ft.

72" steel sign post S 83°W 3.2 ft.

1984 - Kerick Surveying, Inc., Bemidji, MN. subdivided Section 31 for the U.S. Forest Service. Found the 3 inch stamped brass capped monument set by Meyer in 1962. Both bearing trees are dead snags. Accepted the monument as a perpetuation on the Horst monument and the original position. Set new corner accessories that appear on this certificate.
