Statement of Evidence: Southeast Corner, Section 9, Township 141 North, Range 31 West, 5th Principal Meridian.

1873 P.H. Conger, U.S. Deputy Surveyor, set a post for this Section corner in his subdivision of the Township between August 5, 1873 and August 30, 1873. As references he scribed:

White Pine	16 inch	N63°E	49 links	(32.34 feet)
Poplar	7 inch	N51°W	23 links	(15.18 feet)
Poplar	6 inch	S0°30'W	5 links	( 3.30 feet)
Poplar	5 inch	S53°E	27 links	(17.82 feet)

1962 U.S.F.S. Corner Restoration notes indicate no evidence recovered.

1984 Kelly M. Booge, under F.S. Contract No. 53-6392-4-00996, made a thorough search for physical evidence of this corner on September 14, none was found. He returned on November 30, and searched for evidence on the corner position but found no further evidence. He then set a monument with ties as shown on the sketch in the lost position, double proportionate measurement between adjacent recovered corners.
