County Recorder Chandler Kayler  
 By MS, Deputy

DOCUMENT NO. 281712

Statement of Evidence:

J19.

This corner was originally established in April, 1876, by B.C. Baldwin, Deputy Surveyor. The field notes of that survey are filed in the office of the Secretary of State, St. Paul, Minnesota. Mr. Baldwin's notes state that a post was set to mark the corner and referenced by the following:

A 5" Tamarack that bears N28°E a distance of 32 links [21.12 feet]  
A 5" Tamarack that bears S30°E a distance of 38 links [25.08 feet]

In 1900, A Map of survey by the Corps of Engineers shows that they found the corner.

On August 3, 1984, personnel from Advance Surveying & Engineering Co. made a thorough search for this corner and the above mentioned references but to no avail. This area is all Tamarack swamp.

On January 12, 1985, an additional search was made by Advance prior to reestablishing this corner position as determined from Corps of Engineers Survey done in 1900. ( by obliterated method )
