14 day of March A.D., 1989  
 County Recorder Clouline Kayler  
 By MS, Deputy  
 DOCUMENT NO. 310863

Statement of Evidence:

Closing Corner on Indian Reservation Boundary,  
Sections 16/17, Township 141 North, Range 30  
West, Cass County, Minnesota

LM-9 141-30  
Bk.9 Pg.16

1873 P. H. Conger, U.S. Deputy Surveyor, noted a distance to the Reservation Boundary while running the East line of Section 17.

1917 U.S. General Land Office dependent resurvey reestablished this corner proportionally along the East line of Section 17. A wood post was set to mark the corner.

1988 a Landecker-Stevenson & Associates crew searched for the Quarter corner North of this Reservation Closing Corner. The following information was found and noted: the East Quarter of Section 17 falls in Bag Lake, therefore, it is not settable and determined lost. It was decided that a point will be set on the East line of Section 17, South of the Quarter corner monumenting this line.

1989 on February 27 a Landecker-Stevenson & Associates crew set an aluminum rod with point and stamped cap on the Indian Reservation Boundary and the Section line between Sections 16 and 17. The 1917 General Land Office wood post was not found: this corner point set was positioned by single proportion between the Northeast and Southeast corner of Section 17. New bearing trees were marked as shown and steel sign post is in place as noted on front of this certificate.
