DOCUMENT NO. 311953

Statement of Evidence:

Meander Corner Number 9 Section 35, Township 141
North, Range 29 West, Cass County, Minnesota

Z17-18 141-29
Bk.6 Pg.34

1863 Johnson and Thornton, U.S. Deputy Surveyors, originally established this corner position while running the 10th Standard Parallel. The notes indicate a wood post was set to mark the corner position and the following witnesses: a 14 inch Yellow Pine North 72 degrees East a distance of 46 links; and a 15 inch Yellow Pine South 44 degrees East a distance of 26 links.

1915 County Surveyor's Record Book C page 235 show survey by Frank Donner. He found both Government bearing tree stumps; set a 4 by 4 by 36 inch Birch post.

1986 U.S. Forest Service records show the following: Forest Service technicians and County survey technician find both original bearing tree stumps, Northeast has blazing and scribing.

1988 a Landecker-Stevenson & Associates crew visited the corner and found the following evidence: both 1863 bearing tree stumps, Northeast has blaze and scribing, set rebar at original bearing and distance from which a 1 and 1/4 inch iron pipe is Easterly 2.3 feet.

1989 on March 17 a Landecker-Stevenson & Associates crew set a 2 inch by 48 inch iron pipe with brass cap, plastic base and magnet from the stumps of both original bearing trees. New bearing trees were marked as shown and a steel sign post was set as noted on front of this certificate.
