Statement of Evidence:

Meander Corner on West Line of Section 26,  
Township 139 North, Range 26 West, Roosevelt Lake

In 1863 the Oiringal Public Land Survey was run and a wood post was set at the Meander Corner on the south side of Roosevelt Lake, 792.00 feet north of the Northwest Corner of Section 35 which falls in Roosevelt Lake. Distance was measured on the ice.

In 1908 Mr. John Curo, County Surveyor, set the Meander Corner from a bearing tree.

The 1950 plat of "Luschers Bay" indicates a monument at M.C. #12 and a monument 111.8 feet south of M.C. #12 at the Southwest Corner of Lot 1, Block 1.

In 1975 Mr. Wallace Buckler surveyed part of Government Lot 1 in Section 26 and calls for an iron pipe at the Meander Corner.

In 1991 Mn/DOT recovered a 1-1/2 inch pipe at Meander Corner #12 and a 1-1/2 inch pipe 111.65 feet south of Meander Corner #12 at the Southwest Corner of said Lot 1. The found pipes agree with the plat of Luschers Bay and with Mr. Buckler's survey. The pipe at M.C. #12 is accepted by Mn/DOT as the correct location for the Meander Corner.

For details and survey analysis contact the Mn/DOT Surveys Office in Baxter, MN.
