September 10, 2008

Timothy D. Larson, PLS # 43809, while surveying in Section 29 found a 3/4" capped rod set by the MNDNR in April of 1998. The reference ties from the previous certificate of location prepared by John Walker matched the distances in the field. We were confident this was the same monument set in 1998. We accepted the location as previously certified.

A previously recorded Certificate of Location prepared by John Walker, recorded as Doc. No. 441850, was utilized as evidence.
