April 1869 N. Butler GLO Deputy Surveyor, in the notes of the subdivision of Township 134 North Range 30 West, closed into the original corner.

April 1905 Town road survey of the Pillager and Pine River Road, Cass County Road Calendar Book, Page 42, on file at the CCSO (No mention of corner).

1911 A.W. Moulster, County Survey Record Book "A" Page 465-472, found old Govt. B.T. Stump, 30" W. Pine S3E 9.85 feet, Set 1.5"x1.5"x10" hub (also on micro film roll 105 bk 49 P58, P64).

Nov. 2005 K.L.D. Surveying of Baxter computed the position of the SW corner of section 33 corner by reconstructing the 1911 Moulster survey of the south line of section 33, KLD set the West 1/4 corner of section 33 at lost position between the computed SW corner of Section 33 and the found NW corner of Section 33.

April 2009 B. Hippen CCSO technician, found no evidence of the corner at the search area.

Dec. 2010 Craig E. Johnson, LS, CFedS, another search of the area found no evidence of the corner. The computed position for the NE corner of Section 5 falls in a lake, Johnson also searched for and did not find the meander corners north and west of the lake. The position for the NE corner of Section 5 was computed by K.L.D. Surveying of Baxter during a Nov. 2005 survey in Section 33, T135, R30. (On file at the CCSO). Johnson set a 1/2 iron pipe reference monument capped No. 44530 on the south line of Section 33, as depicted on the face of this certificate. The K.L.D. computed position was accepted as the corner.
