STATEMENT ON EVIDENCE

Northeast Corner of Section 24, Township 143 North, Range 29 West of the 5th Principal Meridian.

In 1873, P.H. Conger, U.S. Deputy Surveyor, set a wood post inplace to mark the location of this comer and established bearing trees as follows: a 51 Tamarack, N20"W 16 links; a 7" Tamarack, S60"W 22 links; a 6" Tamarack, N70"E 12 links; and a 5" Tamarack, S70"E 30 links

In 1918, Albinus N. Kimmell, U.S. Cadastral Engineer, set a 2x36' iron pipe with a brass cap at the lost position while marking the East Township line, and established bearing trees as follows: a 5' Poplar, N27-34'E 57 links; a 5' Poplar, N17-34'V1116 links; a 5' Poplar, S52-14'V1 198 links; and a 6' Poplar, S82'E 168 links, Information on file in the Cass County Surveyors office.

In 1933, John M. Greene, Deputy County Surveyor working in area, shows a sketch as part of 1918 resurvey plat and shows a corner in place. Information is on file in the Cass County Survey Department recorded in Curo book 54B, page 140.

In 1974, The Cass County Highway Department while working on County Road No. 73 found a 2" iron monument. Information on file in the Cass County Surveyors office.

On April 23, 1986, Freeman and Hummitesch found the 2* iron monument with a brass cap near the edge of swamp. Information on file in the Cass County Surveyors office.

In June 2011, a Northern Engineering & Consulting survey crew found a 2° iron pipe with a 2.5° diameter G.L.O. brass cap lying under the surface of the water, they placed in an upright position. No objects near for ties. Brass cap accepted as corner position established by GLO in 1919.
