## Statement of Evidence

## North Quarter corner of Section 9, Township 139 North, Range 25 West, 5th Principal Meridian.

- The US General Land Office, in notes of the subdivision of Township 139 North, Range 25 West, set a post for the original corner and referenced it as follows:

  5" S. Maple N 30° E 10 links 40" W. Pine S 50° W 64 links
  Said records are on file with the Minnesota Historical Society, St. Paul, Minnesota, copies are filed with the Cass County Surveyor's Office (CCSO).
- The CCC Washburn Lake field book 2, page 50, on file at the DNR office in Brainerd, indicates a 3" Aspen post was set at 2640' from the east as an approximate corner.
- 2013 KLJ field crews searched the area and find no evidence of the corner or accessories. This corner was set lost by proportioning between the NE 8 and the NE 9. A 5/8" x 24" rebar with plastic cap stamped "Leas MN 42619" was set to mark the corner position and is witnessed with the ties shown on the front of this certificate. Jarrett Leas, RLS #42619, after analysis of record and survey information accepts this monument as the correct perpetuation of the corner.
