## Statement of Evidence

## Northeast corner of Section 33, Township 142 North, Range 25 West, 5th Principal Meridian.

April W.P.Allen and E.P.Putnam, General Land Office (GLO) Deputy Surveyors, in the notes of the subdivision of Township 142 North, Range 25 West, set a post for the original corner and referenced it as follows:

10" Tam S 58° E 34 links (22.44 feet) 10" Tam N 18° W 67 links (44.22 feet)

The above record is on file with the Minnesota Historical Society in St. Paul, Minnesota, copies are filed with the Cass County Highway Department, Surveyor's Office (CCHD/SO).

12" Tam

Aug J.H. Flynn, Cass County Surveyor, Survey Record 509, Book D, page 69 and Curo Book 152, page 41, on file in the CCHD/SO, notes list the GLO witnesses and states "now is stumps of the east Two. Set wood post thereby" this portion of the notes for County Road A, have been omitted from the Survey Record, however the pictorial shows the East ¼ corner is midway between the Northeast and Southeast corners of Section 33.

Nov B. Hippen, technician and E. Lindquist, Cass County Land Department resource manager, records of the CCHD/SO, searched this position and found no evidence of corner. An aluminum county monument was placed at the record distance north of the recovered East ¼ corner of Section 33 and the GLO distance East of the river. There are no trees in this area.

The recovered and established references for the position are shown on the face of this document.

Analysis of the recovered record data, field evidence and survey measurements, indicates that the monument set in 2006 by CCHD/SO is the accepted location of this corner.
