East Quarter Corner Section 18, Township 145 North, Range 27 West, 5th P.M.

The DNR Land Survey Unit contacted the following offices for survey information on this corner:

Bureau of Land Management (BLM) MN Secretary of State Cass County Recorder, Auditor, Surveyor, and Highway Engineer U.S. Forest Service Itasca County Surveyor

1873 The U.S. General Land Office (GLO) survey notes and plat, on file in the MN Secretary of State's Office, describe this corner as a set post, from which:

> Tamarack 4" diam bears S 19° E, 67 links Tamarack 3" diam bears N 11° W, 33 links

2021 March, the DNR Land Survey Unit conducted a search for the corner but did not find any original evidence. As a result, this corner position was computed by Single Proportionate Measurement between the Northeast corner of Section 18 and the Northeast corner of Section 19. This computed position was found to measure:

2661.846 feet (GLO = 2640 ft) from adjoining corners.

Analysis of the available information led me to accept the computed position as the corner. Lack of government perpetuation bears out the need for the lost position.
