

STATEMENT OF EVIDENCE:

NORTHEAST CORNER OF SECTION 31,
TOWNSHIP 133 NORTH, RANGE 29 WEST,
WABEDO TWP., CASS COUNTY, MINNESOTA

1870 The original public land survey was complete and a wood post was set to mark the corner. The bearing ties were set. Copies on file in the Cass County Highway Department/Surveyors office. (CCHD/SO).

16" Norway Pine	S33E	131 links (86.5')
8" Norway Pine	S10W	368 links (242.9')
3" Birch	N36dE	26 links (15.6')
17" Pine Stump	N30dW	31 links (20.5')

1925 A Minnesota Power and Light Co. flowage map for the Crow Wing River shows this existing corner being at the intersection of distant town road centerlines extended northerly and easterly. (CCSO COS 3166)

1984 Rieke Carroll Muller Associates Inc. performed a survey in Section 29 and 30 and show the section line between those sections running South to the Crow River. No notation is made regarding any section monuments South of the river.(RCM Proj 846005)

2024 Cass County Surveyors Office crew found a 1-1/4 inch-diameter solid iron pin with ribbon scraps nearby. Additional searching located an original bearing tree South 10 degrees West of the pin. This BT supported the position of the found iron pin. Given the physical evidence this pin is accepted as perpetuation of the original corner. This location is approximately 65 feet southerly of the intersection of distant township road centerlines extended, contrary to the 1925 Minnesota Power map. (CCSO Proj 2024-025)
