The plat on file in the Register's Office shows that there is no Lot 7, Blk. 42, O. P. Second Division. Up till about a year ago we had this lot on our tax lists but at the time the Railway Company put in an application for a reduction in assessed valuation of certain lots in this territory, on account of railway right-of-way being deducted, we discovered that the lot in question should not have been on at all.

Guess the party who copied your assessment book got a little mixed up on decimal points when entering the acreage on Auditor's Plat No. 4. On the reverse side of this letter I have listed the acreage of the lots and I have also checked the acreage on our tax list so that it corresponds.
