Appealing the value or classification of your property

Informal appeal options - Contact your assessor

If you disagree with the classification or estimated market value for your property for 2006, please contact your assessor's office first to discuss your concerns.

Formal appeal options

If your questions or concerns are not resolved after meeting with your assessor, you have two formal appeal options:

Option 1 - The Boards of Appeal and Equalization

You may appear before the Boards of Appeal and Equalization in person, through a letter, or through a representative authorized by you.

Step 1 - Local Board of Appeal and Equalization

If you believe your value or classification is incorrect, you may bring your case to the Local Board of Appeal and Equalization.

Step 2 - County Board of Appeal and Equalization

If the Local Board of Appeal and Equalization did not resolve your concerns, you may bring your case to the County Board of Appeal and Equalization.

Option 2 - Minnesota Tax Court

Small Claims Division

- The assessor's estimated market value of your property is less than \$300,000; or
The entire parcel is classified as a residential homestead (1a or 1b) and the parcel contains no more than one dwelling unit; or
The entire property is classified as an agricultural homestead (2a or 1b); or
You are appealing the denial of a current year application for homestead classification of your property.

Regular Division

Regardless of your property type or the nature of your claim, you always have the option to file directly with the Regular Division of Tax Court.

You have until April 30, 2007, to file an appeal with the Small Claims Division or the Regular Division of Tax Court for your 2006 valuation and classification.

Definitions

Property Classification - The statutory classification that has been assigned to your property based upon your use of the property.

Estimated Market Value - This value is what the assessor estimates your property would likely sell for on the open market.

Value of New Improvements - This is the assessor's estimate of the value of new or previously unassessed improvements you have made to your property.

Limited Market Value - Limits how much the taxable value of certain properties can increase. With the exception of new improvements, the value is limited to the greater of: 1) 15 percent increase over last year's limited market value or 2) 25 percent of the difference between this year's estimated market value and last year's limited market value.

Green Acres - Only applies to agricultural property that is facing increasing values due to development pressures not related to the agricultural value of the land.

Plat Deferment - For land that has been recently platted (divided into individual lots) but not yet improved with a structure, the increased market value due to plating is added over a phase-in period.

This Old House Exclusion - Applications for this program closed in July of 2005. It applied only to homestead property 45 years of age or older and valued at less than \$400,000.

Taxable Market Value - This is the value that your property taxes are actually based on, after all reductions, limitations, exemptions and deferrals.
