Will you kindly see under Dora McCallister Lot 8-Section 34-144-28 25.75 acres. I think that I wrote that in the assessment book. When I was out there, I got from John McCallister a statement indicating what was assessable and what was not. Some of his buildings (or hers) are on an allotment that is not patented, and I believe that I got that separated property in the book.

The first eight descriptions on this list should be, I think assessed in other names, but I have not the record definitely. It might be that they transferred these are of record with the register of deeds. The others are still so far as I can find out in the names as given here. The figures I give above can be changed to make a figure divisible by three to make the balances more readily on the book. No improvements worth assessing appear on any of them.

Yours very truly,
W. H. Kel
