SURVEYOR'S NOTES:

- The calculated Plat of NORWAY SHORES was related to the monumented west line of the Northwest Quarter of Section 14 for the purpose of this survey. In doing so there creates a gap between calculated east line of NORWAY SHORES and the calculated east line of Government Lot 3 of Section 14. The northerly right-of-way of the Norway Drive was extended to intersect with east line of Government Lot 3 of Section 14, for the boundary of this survey.
- The shore line of Tamarack Lake shown on this survey was put in by an aerial photo overlay.
- The MNDNR has not determined an official Outlines High Water (O.H.W.) elevation. Therefore, the shore line labeled on this drawing is not the O.H.W. elevation. If the official O.H.W. is needed, please contact the MNDNR division of waters for that determination.
