NOTES:

1. This is a survey sketch only. No improvements, topography, or wetland information has been surveyed or shown on this certificate other than those shown and labeled as being located on 7-10-2009.
2. The survey boundary shown is based on the recorded documents for Horseshoe Bay Condominium as obtained from the Cass County Recorders Office. If descriptions of record or as noted in the abstract vary from those shown, a further review by the surveyor should be retained.
3. All lines marked with flagging are only an approximation of the true boundary lines and are not to be used as an exact boundary location. Flagged lines should not be used for the establishment of improvements. To mark true boundary lines, additional monumentation would be required.
