Bob,

Here is what we have on this Corner. We broke all the sections between Nisswa and Pine River, for a job that may never get built. We tied the Corners out while we were there, but have not completed the histories, due to the job being delayed. I like Curo's November 5, 1939 entry "some fool has dug a ditch".

Let me know if you would like anything else.

Thanks,

Kevin

Kevin,

Going through loose ends on my desk, I found the attached Certificate of Location of mine that needs completion. We recovered MN/DOT nails in disks as shown on the attachment, do you have any data on the ties?

Thanks,

Bob K.
