Title: Land Surveyor Professional Engineer County Surveyor County Engineer

North Quarter Corner Section 23, Township 137 North, Range 32 West

The Department of Natural Resources, Division of Lands and Minerals, contacted the following offices for information regarding this corner:

MN Secretary of State
MN Department of Transportation
Cass County Highway Department
Cass County Surveyor
Cass County Auditor
Cass County Recorder

1870 The US General Land Office field notes, on file in the Secretary of State's Office, show this corner to be marked with a post and the following bearing trees were marked:

Aspen 7" N 17° E 57 links (37.62')
Aspen 8" S 65° W 1.07 chains (70.62')

1913 John Curo, Cass County Surveyor, in a resurvey for many sections in this township, found original northeast GLO bearing tree standing green plainly marked from which he set a galvanized iron pipe 2 ½" x 48" three feet into the ground with a mound of dirt to the top of monument. The iron pipe had an iron cap on top and an anchor rod through the bottom. He measured 2664' to the NW corner Section 23. He established one new bearing tree:

White Oak 10" S 62° 37' W 68.73' to tack head at base of tree
Curo drove tack in original GLO bearing tree.

2002 In October, the DNR survey crew found a 2" iron pipe 1' north of centerline east-west road at intersection with centerline vague road north. No bearing trees were found. We measured 2663.12' to the NW corner Section 23.

For more information on our survey in this area, please contact MN DNR, Division of Lands and Minerals, Survey Section, 1601 Minnesota Drive, Brainerd, MN 56401
