Note: The letter Grace Hardy got from the War department run about as follows viz: Copy

"Replying to yours of the 7th you are advised that the land conveyed by the Sec of War to Mrs Grace Hardy? in Lot 5. Sec 17-137-27 was all the government owned in the lot.

Regarding your inquiry as to the purchase of Lot 6. in the same section, the government fee ownership in that lot is confined to a strip along the East meander line of the original survey. As that will be inundated practically all the time there will be no object in her buying it.

Note: US. Deed. If we would take or construe the wording of Corli's deed to us as East 250 ft of S 1742 feet of Gov't Lot 2 Sec 20-137-27 and then:

Assume the 1/4 Corli to be 1320 Feet US Chain, the NE Cor of US Tract would fall 8.32 feet S of where I have placed the True Corner. I'm. So I set a 1x20" bolt at this point 8.32 ft S of the True Corner. Mr. Chris Corli, however, is willing to give the benefit of the doubt to the US and use my big 2x72" Iron as the True Cor.

The pt. in line with C of Corod and B Rem would fall 1-1. ft S of extended to an intersection of the sec line.

I only place the 1x20" iron bolt to mark a point 8.32 ft S of my true corner. However if this was taken into court they might give Corli this 8.32 ft and surely would if his deed was worded "according to US survey".

dinner with Stover. Quit at 6-PM
and drive to Cross Lake where I find
C.H. Corti who introduces me to
Mr. H.E. Luetke who has purcha-
-sed the Original "Corti Tract"

I explain to Corti and Luetke
that I have \$200. due me for work
already done on the land and that
I will make any changes they wish
free of charge but will expect my
Two hundred dollar

As Mr Corti has reserved for
himself the South 75 feet of the
tract - Mr Luetke explains that
I will have to change the South
street line to a point 75 ft further
north and along the North

June 24-1929 Continued

Boundary of the Carli 75 feet and Mr Carli says the N + S street on East side is to continue South as shown by the blue print of the plat I made -- to the South line of Gov Lot 2 - Sec 20-137-27

They agree to split the cost Carli to pay \$135.50 cash as soon as his 75 feet is staked out and Luetke to pay \$62.50 as soon as he has decided what changes he wants made and I have made them - I tell Luetke I will wait for his part of the money if he is short of funds - I promise Carli to come back soon if weather permits to survey his 75 feet Alma meets Mrs Luetke Home late
