County Recorder *Benedict Herdink*

By *MS*, Deputy

DOCUMENT NO. 260984

Statement of Evidence:

- 1918 U.S. General Land Office dependent resurvey established this corner and an iron pipe with a marked brass cap was set to mark the corner.
- 1981 USFS technician Gary Brama found the GLO brass cap monument in place flush with the water surface in boggy marsh. Chained measurements were made east and west to 1/16th corners. The distances agreed well with the GLO distances. Two bearing trees were marked and are shown on this certificate. A steel sign post was set on the north side of the corner.
- 1981 On Dec. 8, I visited the corner and found items as per 1980 USFS report. The monument is in good shape and has not been disturbed. Since the distances check good east and west, accept the corner as being in the same location as set in 1918.
- 1981 County Surveyor's Records in the Recorder's Office were checked and no resurvey information was found on this corner.
