

CERTIFICATE OF LOCATION OF GOVERNMENT CORNER

For the North One-sixteenth Corner on the East Line of Section 17, Township 144 North, Range 29 West of the 5th Principal Meridian, STATE OF MINNESOTA, County of Cass.

On May 18, 1982, to mark this corner position, we set a 2.5 inch (outside diameter) by 60 inch long galvanized iron pipe topped with a 3 inch diameter brass tablet, up 16 inches and stamped as shown in the sketch.

SKETCH OF REFERENCE TIES

Top of Page is NORTH

(not to scale)

12)

STATEMENT OF EVIDENCE: The North One-sixteenth Corner on the East Line of Section 17, Township 144 North, Range 29 West of the 5th Principal Meridian.

This corner position was not monumented in the original Township survey by P. H. Conger, Deputy Surveyor, under contract to the General Land Office in 1873. The notes for this survey are on file in the Office of the Secretary of State, St. Paul, Minnesota.

No intervening history has been recovered that records any monumentation or perpetuation of this corner position.

A search area for this corner position was determined using single proportionate methods based on coordinates determined from an EDM/Teodolite traverse between the Northeast and East Quarter Corners of said Section 17. On April 18, 1982, Gary Brama, Curt Krause and Fred Klaus, USDA-Forest Service (USFS), searched this area for evidence of a corner position but nothing was found. This proportionate position was then monumented and referenced as shown on the front of this document.
