Statement of Evidence:

- 1865 U.S. General Land Office survey set wood post for this corner and marked the following bearing trees: 9" Bl. Pine S 22½ W 300 links. Notes show corner in swamp.
- 1987 County Surveyor's Records in the Recorder's Office were checked and no resurvey information was found on this corner. Survey by Horst in 1920 sets the NE corner of Sec. 27 by double proportion using MC No. 7. It can be assumed that he did not find this corner.
- 1972 - Robert F. Schneider and RCM, Inc. doing separate surveys in Section 22 es-
1973 tablished a position for this corner. Nothing is set by either survey. Information from these surveys indicate that their positions are very close and are based on establishing a position for the SW corner of Sec. 22 in the lake.
- 1987 GLO notes and plat show that no lines were run or determined across Lake Ada and no SW corner of Sec. 22 established. Therefore, I did not accept positions established in 1972 and 1973. I determined lost position between the NE corner of Sec. 27 and MC No. 7. This position falls 2633.15' west of the NE corner. Corner position falls in swamp. No evidence of corner monument was found and no evidence of the GLO BT was found.
