County Recorder Claudia Kayler  
 By MS, Deputy

DOCUMENT NO. 310871

Statement of Evidence:

East Quarter Corner Section 29, Township 141  
North, Range 30 West, Cass County, Minnesota

T-9 141-30  
Bk.5 Pg.52

1873 P. H. Conger, U.S. Deputy Surveyor, originally established this corner position while subdividing Township 141 North, Range 30 West. The notes indicate a wood post was set to mark the corner position and the following witnesses: a 10 inch Red Oak South 4 degrees East a distance of 16 links; and a 12 inch Yellow Pine North 68 degrees West a distance of 7 links.

1964 U.S. Forest Service notes show the following: technician Ekstrom searched for the corner, but found no evidence.

1986 U.S. Forest Service crews set an aerial target in the vicinity of this corner for the search and establishment of the true corner position. The target having coordinate values through the use of GPS on the Chippewa South Boundary Project Cadastral Survey U.S. Project Number 53-6392-8-219. This target allowed for the search and location of this corner.

1988 on September 21 a Landecker-Stevenson & Associates crew searched for the corner. The following information was found and noted: some pine stumps badly burned, all too small to be original bearing trees. No evidence of original post or accessories.

1988 on October 7 a Landecker-Stevenson & Associates crew set a 2 inch by 48 inch iron pipe with brass cap and plastic base with magnet at the lost, single proportion position between the Northeast and Southeast Corners of Section 29. New bearing trees were marked and steel sign post set as noted on front of this certificate.
