## Statement of Evidence

North 1/4, Section 6, T. 133N. R. 31W., 5th P.M.

The Original Land Survey was run in 1863 by George W. Wright and a wood post was set to mark the corner.

In 1987 Comstock and Davis Inc. did a survey for Ira Allen dated Jan. 22, 1987, Job #FL86071 and computed a proportioned lost position for east/west direction and set the north/south position based on fence remains approximately 130"± to the east. It appears as though nothing was set.

In 2003 Westwood Professional Services set a 1/2" iron pipe capped with number 17253 at Comstock and Davis' computed position. Ties to which are shown on the front of this page.
