SOUTHWEST CORNER
POSITION BY KEVIN J. METZ
SEE CASS COUNTY SURVEYORS RECORDS
1/2" IRON PIPE CAPPED 17008

Statement of evidence for this corner position is on the back of this page

East Quarter Corner, Section 30, Township 134 North, Range 30 West, Cass County, Mn.

1868 N. Butler, U.S. Deputy Surveyor sets a wooden post for this corner during the original survey of the interior subdivision of Township 134 North, Range 30 West and witnesses it with the following bearing trees:

13" Black Pine	North 08° West	6 Links
18" Norway Pine	North 25° East	41 Links

2003 Patrick Trottier, Land Surveyor, License # 41002, employed by Landecker and Associates Inc. of Pequot Lakes, Minnesota, searches diligently for physical and related paper evidence of said post and finds none.

An expansion of his search to adjacent Government Corners reveals the Northwest Corner of said Section 29 is marked with an aluminum capped 3/4" re-bar stamped "DNR SURVEY MARKER" and after further research finds a recorded CERTIFICATE OF LOCATION OF GOVERNMENT CORNER" Document # 375017.

No physical evidence of the Southwest Corner of said Section 29 was found, however, a search of the Cass County Surveyors records reveals in 2002 Kevin J. Metz, Land Surveyor, License # 40343 establishes the position for this corner and files the following statement:

"After extensive field search for evidence of this corner, and after finding none, other than a few strands of old barbed wire fence, this corner position was established by double proportion using the Northeast Corner of Section 30-134-30, the Northwest Corner of Section 31-134-30, the Southwest Corner of Section 32-134-30, and the Northeast Corner of Section 32-134-30. This was done in agreement with David Landecker, of Landecker and Associates, and Bob Kovanen, Cass County Surveyor. This position lies Easterly of a Tamarack swamp, which is in agreement with the original Government running notes, and nearly on-line, North-South, with the found strands of barbed wire fence, which agrees with 1921 notes from John Greene, Land Surveyor, Walker, Mn."

Mr. Trottier sets a 1/2" plastic capped iron pipe # 17008 at this location from which:

10" Jack Pine	North 17° West	21.46 feet
10" Popple	South 34° West	80.71 feet
6" Jack Pine	South 32° East	35.81 feet
5" Jack Pine	North 62° East	48.94 feet

Mr. Trottier in consultation with David Landecker, Land Surveyor, license # 17008, and in accordance with the rules of Restoration of Lost Corners, establishes and sets a 1/2" plastic capped iron pipe # 17008 for West Quarter Corner of said Section 29 midway and on line between the two above referenced Government Corners, from which:

10" Oak	North 44° West	8.28 feet
12" Oak	South 24° West	36.53 feet
8" Oak	South 70° East	18.69 feet
18" Oak	North 04° East	40.61 feet
