#### SKETCH OF REFERENCE TIES CORRECTED 7/5/23 (NOT TO SCALE)

Cass County Coordinates  
(North Zone, 2011 Adj.)  
N: 290329.175  
E: 510791.122

Cap Stamping Detail

**STATEMENT OF EVIDENCE:****MEANDER CORNER OF SECTION 36, TOWNSHIP 145 NORTH,  
RANGE 28 WEST, CASS COUNTY, MINNESOTA**

- 1873** During the original survey of the 11<sup>th</sup> Standard Parallel a wood post was set, by a GLO crew under George Stuntz to mark the closing corner at a recorded distance of 42.81 chains (2825.5 feet) West of the township corner. The bearing ties were set. Copies on file in the Cass County Highway Department/Surveyors office. (CCHD/SO).  
12" Cedar                      N60dW                      75 links (49.5')
- 1905** Cass County Road Calendar Book A delineates a road alignment for "Six Mile Lake Road" established in Section 35 and Section 2, T144, R28. This survey tied into the westerly shore of Six Mile Lake at the public access which still exists today.
- 2023** A Cass County Survey crew found noticeable remnants of the East-West road that was established commensurate with the 1905 road survey. They also located the public access which was the easterly terminus of the road survey. Using these record monuments a position for MC 2 was established at the west bank of Six Mile Lake. The determined position fit well North and South with adjacent PLS corners. It was determined that there was a substantial error in the East-West GLO measurement across Six Mile Lake on the Standard Parallel from the township corner to MC 2.
